## ARGUING ISSUES TO THE MASSES.

Roosevelt Visits the Home of McKinley Before Leaving Ohio—Bryan Continues His Work in York State—Campaign News.

Canton, Oct. 18.—Governor Roosevelt made a short speech at Akron early in the morning. The train left Cleveland at 3 a. m., reached Akron soon after 4 and was held on a siding. Before 6 o'clock a crowd began to gather and at 7 a band came alongside the governor's car, giving a serenade. When the governor appeared he was given a rousing chorus of cheers and was introduced, while so many trains were passing that for five minutes he could not begin his speech. He appealed to the voters of Akron on the grounds of prosperity and patriotism. Governor Roosevelt's train reached Canton at 8 a. m. He was welcomed by the organized Republicans and escorted to the tabernacle, the place of speaking.

In his speech at Canton Governor Roosevelt said in part: "I do not see how any man who is right thinking and who has his heart in the right place can fail to be with us in this campaign. I am not speaking as a politician, but from the standpoint of a student of history. When we come to look at President McKinley he seems to have the kink of keeping in the right of things. Not only has he faced greater problems more successfully than any man since Lincoln, but more than any man before Lincoln excepting Washington."

Washington went out of office in 1797 and it was 64 years before any president stood in the White House who had to face as grave problems, as difficult problems, as great dangers to the nation as President McKinley had to face and successfully faced. There have been other presidents, as at the time of the war of 1812 and at the time of the Mexican war, who had to face foreign problems, but President McKinley stands not only for the honor of the flag abroad, not only for financial and economic prosperity at home, but President McKinley stands as the special representative and embodiment of the cause of liberty and the unity of American life. We have never been threatened since the days of the civil war with an arrest of our national progress and civilization as we have been threatened by the Bryanism Democracy during the past five years. The present day Democracy, under the lead of Mr. Bryan and his lieutenants, Senator Pettigrew, Mr. Altgeld and Richard Croker and the representatives of Goebel in Kentucky, has nothing whatever in common with the Democracy of Jefferson and Jackson."

Governor Roosevelt closed his campaign in Ohio at Navarre and entered at noon upon his West Virginia itinerary making his first speech at Wheeling to a large crowd at the fair grounds. The special left Wheeling at 2:30 p. m. and after making six stops reached Parkersburg for a night meeting. Friday night the governor will speak in Hinton and Saturday he will reach Baltimore.

### Bryan's New York Tour.

Albany, N. Y., Oct. 18.—William J. Bryan and party left here for Schenectady and the west on an early morning train. Mr. Bryan was accompanied by Charles M. Bulger, J. J. Delaney and Mayor Jones of Toledo. Large crowds collected about the Hotel Ten Eyck and at the Union station to see the distinguished party off. As the train pulled out of the depot yard, Mr. Bryan stood on the rear platform of his special car and raised his hat in acknowledgement of the cheers that were given in his honor. He expressed himself as being more than pleased with the rousing reception accorded him at the capital city of the Empire state. At Schenectady Mr. Bryan talked 20 minutes chiefly on the affect of trusts on labor. He had another large audience at Amsterdam. Mr. Bryan spoke at Fonda, Johnston, Gloversville, Fort Plain, Little Falls at noon, then at Herkimer, Ilion, Frankfort and other points of his itinerary. At several stopping places Mr. Bryan was confronted by large and conspicuously posted bills warning the people against him. These bills announced in large red letters "Bryan is here," and then gave extracts from his speeches in 1896 and last September and then adding: "This means national dishonor and industrial collapse. A vote for Bryan is a vote for low wages or no wages, bread riots and sun houses. Hard times."

### TRAGIC ROMANCE.

Major Peterson Died of Yellow Fever And Wife Killed Herself.

Havana, Oct. 18.—Major Matt R. Peterson, United States Volunteers, died of yellow fever at Los Animas at 9 o'clock Oct. 17. Mrs. Peterson, his wife, killed herself an hour later. She shot herself in the head and died instantly. Mrs. Peterson was the daughter of Robert Allison of Cincinnati, O., and came here Monday to nurse her husband. She was formerly the wife of Dr. Posey of Philadelphia. After their divorce she married Major Peterson at Ft. Leavenworth.

Major Peterson was of the commissary department and held the rank of captain in the regular establishment. He was a graduate of West Point and was appointed from North Carolina. For a time he was a lieutenant of the Sixth infantry stationed at Ft. Thomas

### Sealed Down the Claim.

Indianapolis, Oct. 18.—Judge Carter in the superior court handed down his opinion in the suit by the state of Indiana to recover nearly \$3,000,000 from the Vandalia railroad. He holds that the state is entitled to recover \$745,154.65, instead of nearly four times this sum. This action was based on provisions of a special charter granted the company which built the Vandalia road from Terre Haute to Indianapolis. The charter provided that excess of profits after repaying the stockholders all that they invested with 10 per cent interest and a dividend of 15 per cent per annum, and a sufficient reserve fund, should be paid over to the state. The company operated under this charter about 14 years.

Sherman's Relatives Summoned.

Washington, Oct. 18.—Former Secretary of State John Sherman, who is seriously ill at his residence in this city, was slightly better Thursday. While he may rally, little hope is expressed for his complete recovery. Although his condition is considered critical his death is not regarded as imminent. Mr. and Mrs. Hoyt of New York, a nephew and niece, and Captain Sherman, a son of the late General Sherman, are here and other relatives have been summoned.

## HEALTH OF SOLDIERS.

Surgeon General Sternberg's Report On Sickness and Insanity.

### MEDICAL FORCE NOT SUFFICIENT.

Exposures, Fatigues and Excitements Of Prolonged Campaign Responsible for Large Sick Report And Death Rate.

Washington, Oct. 18.—The report of Surgeon General Sternberg, United States army, says that the present medical department consists of 132 officers, which he says is not enough, in view of the large number of coast defense stations and the troops operating in Cuba, Porto Rico, Hawaii and the Philippines. Reference is made to the good work the army nurse corps has performed. The medical statistics in the report relate entirely to the calendar year 1899 and nothing is given concerning statistics for 1900. A report from the chief surgeon of the Philippines, dated Aug. 15, 1900, is given, showing a percentage of 8.47 sick in the command, the total strength of the army in the Philippines at the time being 66,554. The sick were divided as follows: In quarters 1,261; in regimental hospitals, 1,113; sick in military hospitals in depots, 1,211; in Manila hospitals, 1,503; total sick 5,129. He says "the exposures, fatigues and excitements of a prolonged campaign are responsible for the large sick report and the relatively large death rate."

The surgeon general has this to say on the subject of insanity among the troops: "In the army, regulars and volunteers, during the calendar years 1898 and 1899 there were reported on the monthly reports of the sick and wounded 347 cases of insanity and 202 of these cases, were committed to the government hospital for insane; 130 cases recovered in an average period of 3.9 months, 13 were improved, 6 died and 48 remained unimproved; 96 of the 347 cases were in the troops serving in the Pacific islands and of these 32 were sent to the government hospital for insane, of which 17 cases recovered in an average period of 3.6 months, 2 were improved, 2 died and 11 remained unimproved.

In General Shafter's annual report is incorporated the report for Major George Ruhlen, depot quartermaster at Honolulu. The garrison there consists of two batteries of Sixth artillery. Frame buildings instead of tents are recommended for quarters. No action has been taken to locate permanent site for military post in Hawaiian Islands. During the year there stopped, at Honolulu en route from San Francisco to Manila, 53 transports with troops and supplies, one with supplies, 13 with mules and supplies and one hospital ship.

Colonel A. L. Mills, superintendent of West Point military academy in his annual report compliments this year's graduating class; many cadets are troubled with their eyes; 30 were discharged for deficiency in studies. The greater part of the report is devoted to urging a higher standard for admission to the academy.

### MAIL BAGS STOLEN.

Big Haul of Registered Letters Made At Washington.

Washington, Oct. 18.—It has become known that five bags of registered mail enclosed in one large pouch were stolen from station H, corner of Lexington avenue and East Forty-fourth street, Monday night, and so far post-office inspectors have been unable to locate the thief, although suspicion has fallen on one man. The pouch, which was so heavy that only a strong man could move it, was stolen before it reached the delivery wagon and while it was still at the station. It had been checked off, sealed and locked with a numbered key.

Payment on checks contained in the bag has been stopped. The amount in cash is not supposed to exceed \$6,000, but the value of contents of the registered letters can only be guessed at.

### France to Honor Kruger.

Paris, Oct. 18.—It is stated on excellent authority that President Kruger will, after landing at Marseilles, pass through Paris and that he will be received with all honors due to the head of a state. The municipality of Marseilles is making preparations for a grand reception to Kruger. It is quite certain he will be enthusiastically welcomed by the population in general.

### Population of Arizona.

Washington, Oct. 18.—The population of the territory of Arizona as officially announced is 122,212, as against 59,620 in 1890. This is an increase of 104.9 per cent.

### CONGER GABLES.

Proposition of Chinese Commissioners French Plan Favored.

Washington, Oct. 18.—For the first time in three days Minister Conger was heard from at the state department. He communicated by cable the substance of certain propositions advanced by Prince Ching and Li Hung Chang as a basis for negotiations to settle the Chinese trouble.

Minister Wu called at the state department by appointment and had a long conference with Secretary Hay, who previously spent an hour with the president at the White House.

There is reason to believe that the government will take favorable action on the latest proposition of the French government.

### France Urging Progress.

Paris, Oct. 18.—Russia, Austria and Germany having already replied affirmatively to M. Delcasse's note he is notifying the powers of the acceptance of the first note and is asking each of them to instruct their ministers at Peking to begin peace negotiations. Favorable replies are expected from all. M. Pichon, the French minister at Peking, therefore, has been instructed to place himself in touch with the ambassadors and Chinese emissaries for the purpose of opening negotiations at the earliest moment.

### Field Marshal at Peking.

Peking, Oct. 17, via Shanghai, Oct. 18.—The Peking column of the Pao-tung Fu expedition arrived at a point six miles south of Chi Chow without encountering opposition. It found the heads of 14 Boxers on the walls at Chou-Choo and killed seven of the imperial troops. Field Marshal Count Von Waldersee has arrived here and has been accorded full military honors. He was accompanied by an escort of international troops to the palace of the dowager empress.

### Reply to China's Emperor.

Washington, Oct. 18.—Secretary Hay announced that the reply to the message of the emperor of China thanking the president for the attitude of the United States and expressing hope of a speedy settlement had been dispatched. It was purely formal in character, thanking the emperor for his expressions and joined in the hope of a speedy and satisfactory peace.

### Date For Peace Convention.

Shanghai, Oct. 18.—Li Hung Chang and Prince Ching have appointed Saturday, Oct. 20, for the first meeting to consider peace proposals.

### Chicago Squatters.

Chicago, Oct. 18.—Captain George Wellington Streeter and seven co-defendants whose attempt to hold filled-in land in the lake front here last summer, which resulted in the mobilization of the whole police force were declared "not guilty" of conspiracy to commit murder. A charge of unlawful assemblage still remains against the squatters on the criminal calendar as well as in the civil suits. Streeter lays claim to land formed by dumping refuse which is not officially recognized as existing. The tract is now valued at several million dollars. Having been dispossessed temporarily, Streeter returned with 20 men and a Gatling gun, but surrendered after firing one shot, which struck a boy.

### Stevenson's Program.

Watertown, N. Y., Oct. 18.—Adial E. Stevenson arose at 8 o'clock in excellent spirits and refreshed by his sleep. He spent most of the day quietly receiving many calls from local Democrats. Mr. Stevenson declared that the reports that his health was broken were exaggerated. He said he was a little hoarse, but the defect in his voice was of slight moment. Mr. Stevenson went to Lowville to speak in the evening. Friday he goes to Utica to be present at a demonstration. Saturday he leaves for Chicago and will spend the remainder of the campaign in Illinois and Indiana.

### Carter Wants Out.

Leavenworth, Kan., Oct. 18.—A habeas corpus suit to release Oberlin M. Carter, ex-captain of engineers, from the federal penitentiary at Fort Leavenworth, was filed in the United States circuit court. The suit was filed with Stanton Carter, a brother of the prisoner, as the petitioner, and was made out returnable against Warden McClaughrey of the federal penitentiary. Frank P. Blair of Chicago appeared as the attorney for Carter. Judge Hook set Oct. 26 as the date for hearing.

Berlin, Oct. 18.—Prince Hohenlohe has resigned as chancellor because of advanced age and distinct disapproval of the emperor's policy in China. His resignation was accepted. The order of the Black Eagle will be conferred on him and the emperor will present him a magnificent set of diamonds. Count Von Buelow has been appointed to succeed him.

Employees electric road at Kingston, Jamaica, on strike for increased wages. Road owned by American and Canadian capitalists.

Southern Pacific bridge near El Paso, collapsed under freight train. Engineer John Schaffer and Fireman W. B. Edison killed.

Chicago, Peoria and St. Louis passenger train crashed into freight train at Springfield, Ills. Express Messenger Thomas Wiley of Peoria injured.

## STRIKERS JUBILANT.

Preparing For a Big Celebration of Their Victory.

### WAITING FOR THE WORD TO WORK.

President Mitchell Wary—Strike Will Be Declared Off as Soon as Operators Fall Into Line—End of Notable Wage War.

Hazleton, Pa., Oct. 18.—The Lehigh Valley Coal company, owned by the Lehigh Valley Railroad company at 10:30 a. m. posted notices signed by W. A. Latrop, general superintendent, abolishing the sliding scale, 10 per cent increase until April, 1901, and thereafter unless otherwise notified and fixing the price of powder at \$1.50 a keg instead of \$2.75. The company has half a dozen mines in this region operated on the sliding scale, the others being on a fixed basis.

There is some interest here regarding the further action of the Lackawanna company on the question of agreeing to maintain the increase for the next six months. It is believed however, that it will fall in line with the action of the independent operators who met at Scranton to agree on a form of notification to strikers.

Officials of the United Mine Workers have made no move towards declaring off the strike. President Mitchell still refuses to talk on the action of the Reading and Lehigh Valley companies according to the demands of the Scranton convention. Although Mr. Mitchell has in no wise indicated what he will do, it is supposed that after a number of coal companies have posted notices agreeing to the demands the strike will be officially declared off at those collieries. A meeting of mine workers was held here to arrange for a demonstration next week, probably Monday, to celebrate the victory of the strikers.

A. S. Van Winkle estate, operating the Coleraine colliery and the Evans colliery at Beaver Meadow, posted notices similar to those of the Pardoe company and the Lehigh Valley Coal company.

A crowd of strikers made a descent on the Crawford and Dugan's striping at Coleraine and forced 50 men at work there to quit.

Welcome Surprise.

Pottsville, Oct. 18.—The news that the demands of the anthracite coal miners' convention had been granted by the Reading Coal and Iron company was as welcome as it was surprising in the Schuylkill region. There will now be bonfires, meetings, parades and a general jubilation by the miners. Some of the conservative leaders favor a quiet acceptance of the victory, but it is doubtful if their counsels will prevail. The Reading company employs 28,000 men, one-fifth the men of all the anthracite workers, and they will undoubtedly be ready to go to work just as soon as they are ordered to do so by President Mitchell. This order will come when the big coal companies in the upper region accept the demands of the miners.

Want All to Share Alike.

Shamokin, Pa., Oct. 18.—Notices that the terms of the Scranton convention have been accepted by the Philadelphia and Reading Coal and Iron company were posted in public places here and at the collieries. Strikers say they are highly pleased over the action of the Reading, but they will not think of going to work until their brethren employed by other companies and operators are granted the increase. It is the general impression here that all employers will have fallen into line by Friday and that a notice from President Mitchell informing the strikers to go to work, will be issued Saturday or Monday.

Want It Official.

Fair and warmer to-day.

BOURKE COCHRAN ON JEFFERSON  
AND MCKINLEY.

"Jefferson took territory to avoid war; McKinley is making war to take territory. Jefferson took contiguous territory to do justice and avoid the provocations of war in the future; McKinley is taking useless and remote territory, which, if he succeeds in subduing, will cause future contests without number. Jefferson took territory to incorporate into a union of states and extend over it the beneficent influence of our Constitution and the glory of our flag; McKinley is seizing territory, not to expand our Constitutional government over it, but to turn it over to officeholders, to be exploited and plundered by syndicates and favorites."

MCKINLEY is probably the only President of the United States who has put a price upon commercial traffic in human beings, says the Pittsburgh Post. He guarantees the Sultan of Sulu \$10,000 a year to keep up his slaves and harem supplies of bondmen, bondwomen and polygamous wives.

JUDGE PUGH has at last called on his friends in Washington to come to his help. He evidently realizes that it's about all up with him. The "frosts" he met with over in Harrison caused him to beat a hasty retreat to the more congenial atmosphere of Carter and Lewis.

COL. ROOSEVELT met with the worst "frost" of the campaign at Cincinnati on his present tour. Hardly a Corporal's guard of Republicans called on him. And thereby hangs a tale. It will be remembered that Geo. B. Cox, the Republican boss of the Queen City, was forced off the National Committee by McKinley and Hanna just after his elevation to that place last summer. Cox didn't like it a little bit, and he is now squaring accounts with the crowd that downed him. Cox can swing Cincinnati any way he pleases on election day, and we'll venture the statement that the situation in Cincinnati is causing "a heap of trouble to de old man" up at Canton just now.

THEY HAVEN'T BEEN ANSWERED. It's not a bad idea to keep before the public the series of questions Mr. Bryan put to the Republicans some weeks ago. If any one has attempted to answer them we have failed to see the answer. Here are the questions:

If the trust is a good thing why did the Republican platform denounce trusts?

If trusts are a bad thing why did the Republican administration allow more trusts to be organized than during all previous history of the country?

If some trusts are good and some bad, can you tell the difference between a good one and a bad one?

Do you know of any good monopoly in private hands?

Do you know of any man good enough to stand at the head of a monopoly and determine the price of that which others are to use?

Do you know of any good reason why the army should be made 100,000?

Would you be willing to make the army 200,000 if the Republican leaders said so, or half a million if they wanted it?

What is your right to the Filipino? Did you buy him or did you get him by force?

Do you think you can buy the right to govern people?

What are you going to do with the Filipino when you get him? Are you going to kill him?

Well, you cannot do that, because then you would lose your trade argument. You have got to let him live if you trade with him.

### GOVERNOR BECKHAM.

He Has Conducted Himself in a Manner to Command the Support of the People.

[Courier-Journal.]

From the death of Wm. Goebel to this hour John Cripps Wickliffe Beckham has done no act, has spoken no word, which could be called in the remotest degree imprudent; and this is saying a great deal for his tact and judgment, because the temptations and trials have been many and great.

The voters of Kentucky appreciate such a man. They know his worth. They are going to elect him hands down, and not alone much more on his account than on their own, for the future alike of the people and the State hangs upon this issue; the issue of an alien government; of a government drawing its life from home sources as against a government deriving its life from allegiances to a Federal ring of office brokers; in short of a Kentucky government, where law shall be enforced and life and property be secure, as against a Mark Hanna government, where malefactors and murderers shall be exempt from punishment, where assassins shall go free and where the life of no Democrat is safe against the passion or interest of any Republican.

## NO COERCION.

Firms That Attempt to Force Employes To Vote for McKinley To Be Boycotted.

Their Names Will Be Posted in Every State in the Union—Democrats Won't Submit To It.

INDIANAPOLIS, Ind., October 17.—The Democratic managers were very indignant to-day when it was learned that the Democratic employees at the Parry Road-car Works, in this city, had been notified yesterday to report at the office, and when they answered to the request tickets to the meeting of James H. Eckels to-night were distributed among them, and they were asked to attend.

Eckels was to speak under the auspices of the Gold Democrats, which party is composed here of John P. Frenzel and his brother Otto.

Speaking of the outrage to-day a Democrat, close to the party managers, said:

"We have 75,000 members of Democratic clubs in Indiana and more than 1,500,000 in the United States, and if the Parry Company wants to carry politics into its business we are willing to carry business into our politics. Ninety per cent. of the company's trade is south of Mason and Dixon's line, and we are determined that the company shall not make slaves of Democratic workingmen and then thrive on Democratic patronage."

In this connection it was learned that the party managers are making a record of every case of coercion in the State, and will report the facts to the national headquarters, and the list of employers thus compiled will be posted in all the States, that Democrats may refuse to trade with them. The action of the Parry Company yesterday constitutes the first instance of the kind that has yet occurred in this city. The same company notified its employees on the eve of the election in 1896 that if Bryan was elected the plant would not be opened, but if McKinley was elected they might return to work.

The BULLETIN knows that the Parry firm resorted to similar tactics four years ago. A foreman of one of their departments who voted for Bryan in '96 had to look elsewhere for a job after the election.

### STARTLED HANNA'S NEBRASKA MEN

When the Third Largest Republican Organ Came Out for Bryan—Scores the "Ohio Crowd."

OMAHA, Neb., Oct. 17.—The Hastings Republican, which has been Republican since it was founded in 1888, and the daily paper of largest circulation in Nebraska outside of Omaha and Lincoln, announced in a strong editorial this afternoon that it was for Bryan and the State fusion and legislative tickets. Coming from such a source, in the home city of Charles H. Dieterich, the Republican candidate for Governor, the announcement created a tremendous sensation. The editorial is signed by Editor Frank A. Watkins, a life-long Republican, and begins:

"For twelve years the Republican has been a Republican newspaper. Since 1888 it has made as best it could a clean, honest, manly fight for Republican policies and measures, and has supported Republican nominees for National, State and city offices. Proud of its affiliations with the party of Lincoln and Sumner and Seward and Chase, of Grant and Blaine, and Garfield and Harrison, glorying in the record these great leaders have made and in the ideas of American Government for which they have stood, the Republican has lent their party cheerful and loyal support. We can accord that support no longer. From now henceforth the Republican will be found advocating the election of the man who stands for the same fundamental principles for which Abraham Lincoln lived and died—William J. Bryan, of our own State of Nebraska."

The editorial scores the "Ohio crowd," denounces Hannaism as a conspiracy of corporations, and McKinley for the shedding of American blood to crush a liberty-loving people, and his Portuguese policy.

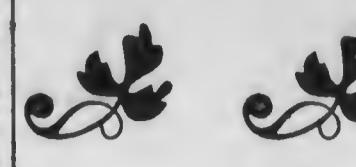

Pay your city taxes before November 1st, if you wish to save the penalty of 10 per cent. See notice of City Treasurer Fitzgerald.

He Will Speak at the Court House Next Monday—Rousing Meeting at Plumville Last Night.

Col. Bennett H. Young, one of Kentucky's prominent citizens and leading Democrats, will speak at the court house, this city, next Monday afternoon at 1:30 o'clock. The speaking being in the afternoon will give people from the country an opportunity to hear Col. Young, and a large crowd is anticipated. In his speech at Lawrenceburg this week Col. Judge Newell and Mr. C. Burgess Taylor spoke at Plumville last night and were greeted by a large and enthusiastic crowd. A Bryan, Beckham and Kehoe Club was organized with sixty-three members. Mr. A. J. Yancey was elected President and Mr. Lee Weaver Secretary.

Finnigan's Ball.

The Ashland Daily News, of Oct. 16th, says that Finnigan's Ball was the laughing hit of the season, and was greeted with a crowded house and gave universal satisfaction. The specialties were clever and up-to-date. The leading parts in the "Ball" were taken by Bryant and Moran as "Connor Casey" and "Timothy Finnigan," who kept the house in a roar of laughter, as did "Weary Walker" and Joe Conlon as "Widie Gallagher." In all it is one of the best comedies that has ever played Ashland.

A Worthy Disciple of the Mystic Art.

Mr. Louis Drautman, traveling representative of the American Steel and Wire Company, better known to his intimate acquaintances as the "Wandering Jew," because of his vast fund of humorous Hebrew anecdotes, was in town yesterday on his semi-annual visit to the trade. for the benefit of a select few at the Frank Owens hardware establishment last night Mr. Drautman added to the crowd's merriment by successfully suggesting to the junior member that he make a stump speech, and then made a rooster of Sudduth Calhoun. He tried to book an order for a couple of car-loads of field fence from Rob Owens on the strength of the occasion, but that gentleman was not sufficiently under the "spell," so he wound up the evening's entertainment by having some fun with the scribe and caused the "other fellow" to spend a quarter for cigars.

### YOUTSEY'S TRIAL.

#### Testimony All In--Court's Statement

To the Jury.

Georgetown, Ky., Oct. 18.—In the Youtsey trial Thursday the defense put H. Gardner Wallace on the stand. He said he was in the assistant adjutant general's office when the shots were fired and "Tallow Dick" Coombs, Mason Hockersmith and Dr. Prueett were in the room with him and others whom he did not know. The defense then closed finally.

Colonel T. C. Campbell, attorney for the prosecution was put on the stand for the commonwealth relative to the conference with Colonel Nelson and Colonel Crawford. S. T. Pence of Frankfort, manager of the Board of Trade hotel, said he was in the hotel office when the shots were fired that killed Goebel and that Jim Howard was not there. After the Rev. T. J. Marksbury of Georgetown testified, Prosecutor Franklin asked and was granted time to telephone to Frankfort for several witnesses in rebuttal who missed the train in the morning. At noon the absent witness had not arrived and Judge Cantrell asked that the argument begin when court reconvened at 2 p. m.

Following is the substance of the instructions given the jury at 2:50 p. m.: If the jury believes that defendant shot Goebel or aided Jim Howard, Berry Howard, Dick Coombs or any one of them in the shooting then he is guilty of murder; the testimony of accomplices alone must not be relied upon to convict; the jury must believe defendant guilty beyond a reasonable doubt before it ought to convict; the jury has a right to disregard the testimony of any witness it believes wilfully and maliciously testified falsely.
